

THE BOURBON NEWS.

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXVI.

PARIS, KENTUCKY, TUESDAY, MARCH 6, 1906.

NUMBER 19.

EVERYTHING LOOKING GOOD.

The new stockholders of the reorganized Bourbon Agricultural Society held an interesting and enthusiastic meeting Friday morning in C. Arnsperger's law office. The soliciting committee reported additional subscriptions and that they were meeting with much encouragement. The location committee on location of site and purchase of same reported that they would not be able to make final report until March 10.

The recent call on subscribers for 50 per cent. of their subscriptions has met with satisfactory response, and everything is looking good for a big Bourbon Fair in September next.

The meeting adjourned to meet in the basement of the court house on March 10th.

LAST DAY TO FILE SUITS.

Friday was the last day to file suits for the March term of the Bourbon Circuit Court, which begins Monday, March 12th. The docket shows old equity, 281; old ordinary, 82; appearances, 43; Commonwealth, 54. Of the appearance cases Judge Harmon Stitt has filed the largest number. This goes to show that the Judge was wise when he moved to Paris to reside, as his practice has been steadily on the increase.

Among the last suits filed is one filed by Attorney Barnes for Millie Daniels against the Bluegrass Traction Company for \$2,000 damages.

BIRTHS.

—Born, on Friday, to the wife of George Browner, nee Stella Sharon, a ten pound son—first born.

—Born, on Thursday to the wife of Arthur Snapp, a daughter—third born.

—Born, to the wife of R. B. Huddleston, a daughter.

DR. C. H. BOWEN, the optician, will be at the store of A. J. Winters & Co., on March 8th.

Insure with W. O. Hinton. He has the right kind of insurance.

COURT DAY REPORT.

A large crowd was in town yesterday and considerable trading indulged in. There were about 150 cattle at Murphy's pens. From 300 to 400 mules on the market, which caused some to remark that it was a mule court day.

A large number of plug horses were on the market ranging in price from \$10 to \$50. Fancy saddle and harness horses were scarce, selling at \$100 to \$250.

Following cattle sales were reported: W. O. Butler sold to W. A. Thomason 25 head of 1,200-lb. cattle at 4 cents and a premium of \$1 per head.

Manuel Watson, of Georgetown, sold to Frank Wilmoth 20 head of 700-lb. cattle for \$28 per head.

Ed. Turner bought five yearlings at 3½ cents per pound.

Other sales were made at private prices.

We give below some of the mule sales reported:

Will Welsh bought of U. S. G. Pepper, yesterday, a pair of 3-year-old horse mules for \$260.

Sheriff E. P. Clarke sold two pairs of horse mules, one pair for \$325 and 2½ ohetr for \$296.

Clay Thomas sold pair 4-year-old mare mules for \$425.

John Barbee sold to John Woodford pair 5-year-old mare mules for \$360.

Brutus Clay bought of Thos. McClintock & Sons a pair of 3-year-old mare mules for \$360.

Mark Huffman sold one 9-year-old mule for \$135.

B. F. Buckley sold to Frank Nicholas 2-year-old mule for \$130. John Brophy sold a ten-year-old mule for \$125.

Thos. McClintock & Sons, of Millersburg, made the following sales: A pair for \$360, a pair for \$325, a pair for \$325, three mules for \$550, one for \$135, ap air for \$400, a pair for \$350, a pair for \$370, a pair for \$300. They bought a pair for \$330, one for \$125, one for \$170, and two horses for \$260.

Piety is a good deal more than pity for those who are too poor to buy our clothes.

TERRIBLE TORNADO.

Nineteen people are known to have been killed as the result of the tornado that swept over a section of Meridian, Miss., Friday evening. Twenty-four persons were injured and property with an estimated value of one million dollars was demolished or otherwise damaged. Among freaks the wind played was the carrying off of the little baby of Jim Stewart, from the home, sweeping it through the air many feet above the ground and finally depositing it gently on the ground uninjured. The baby lay in the rain for some time, but appeared none the worse for its experience. Next morning when searchers found the missing child it was peacefully sleeping.

One of the tragedies of the cyclone was the suicide of Claude Williams floor manager of the Meyer-Neville Hardware Company. Williams was at the center of the first floor when the building collapsed. His cries for help were heard, but all efforts to reach him were futile. When he realized his doom he ended his sufferings by slashing his throat with his pocket knife. He was twenty-five years of age and unmarried, and the only support of two sisters.

BOURBON'S BLACK BLITZENS.

The performance of Bourbon's Black Blitzens Thursday evening, under the management of Lyons & Browner, was very creditable. These gentlemen have gotten together a number of colored artists that can rank with many of the minstrel troupes now called professionals. Their specialties are good, and all in all Bourbon's Black Blitzens give a first-class show in every particular. When the Blitzens appear in our surrounding towns, which we understand they will soon do, we take pleasure in recommending them as giving a first-class, clean, minstrel performance.

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. If in doubt, consult us regarding the piping and repairing defective fixtures with "STANDARD" Porcelain Enameled Ware, acknowledged as the best sanitary equipment.

NO WONDER!

The Atlanta Constitution explains the defeat of the Republican candidate for mayor of Pittsburg by the fact that he is the maker of Pittsburg stogies. Well, it may be so. There is always a revengeful spirit abroad in the ranks of the G. O. P., with some justification, of course, in the Pittsburg case.

TRUST BUSTERS.

All honor to the hens of this country, for they have done what big, "able men have failed to do. They have smashed a trust. It is given out that the losses of the Chicago manipulators of the egg market will reach nearly \$400,000.

When the hens get busy the cold storage people are simply "not in it," and besides the goods the former deliver are fresh, you never here of them trying to palm off stale eggs on the public.

WHAT MIGHT HAVE BEEN.

It is now claimed that had Russia been a country of small farms, like France, and had a small part of the governmental energy which was expended in military aggression on weaker neighbors been spent in promoting an improved agriculture, the present revolution would probably never have occurred. The quarrel of the people was not with the principle of autocracy—rather, they glory in it—but with a false social system based on the ownership of the land by a few.

GET OFF OR PUT HIM OFF.

This is an excellent time for Judge Hargis, of the county of Breathitt, to ask the State Central Committee to accept his resignation. Or if the Beckham machine objects to this, feeling that they can't get along without his services, isn't it also an excellent time for the State Central Committee to ask the judge to resign, willingly or unwillingly? We know he is one of the big wheels of the machine, but for the sake of the Democratic party this man should be removed from this committee.

OLD WAR HORSE KNOCKED OUT.

General Grosvenor, another Ohio Republican Congressman who has heretofore been invincible in the politics of his State, has met defeat at last. In explaining his defeat to Washington correspondents, he says that "the trouble is that the people don't line up any more." You are mistaken, old man, the trouble is the line up of the people of your district broke the district machine. He is like others we know of, overlooking the fact that these days are machine breaking days everywhere. What a breaking it will be in old Kentucky before long.

A NETWORK OF RAILROADS.

The United States is a great network of railroads and the meshes are drawing closer and closer every year by the construction of more lines of road. According to the bureau of Statistics, if the whole British Empire with over three times the area and nearly five times the population of the Union, were thrown together it would have considerable less than half the American mileage. The United States has more miles of railroad than all Europe, and it owns about two-thirds as much as the entire world outside of its own boundaries. We suppose this accounts for so much freight rate discrimination in the United States just now.

PUT THEM ON THE LAND.

A hundred immigrants per year, settled on a million or ten million acres of land, would not only bring no detriment to the country, but would be an important factor in increasing the value of investments of all kinds, enlarging railroads profits and stimulating manufactures and trade. The same number of immigrants, "dumped" into our already overcrowded cities and mining districts, would increase the menace of social and political disorder already seen in these congested spots. Get the immigrants to the land, and we shall have no future occasion to lament our failure to "set up the bars" against immigration. Allow them to add their numbers to the cities and mining "masses," and the consequent fermentation may one day produce dangerous explosions.

WARNING TO THE NATION.

In a speech before the St. Paul, Minn., Commercial Club, recently, James J. Hill, President of the Great Northern Railway, gave his views regarding commercial conditions of the nation.

"The nation at large," he said, "is prosperous. We are cutting a wide swath, there is no doubt of that. If we get down, however, to a closer examination, we will readily see that the nation is living profligately. We are selling out our natural resources—exploiting them as fast as we can without building up industries and trade relations to take their place when exhausted.

"It is only a question of time till our timber is exhausted. Our public domain is all gone, and the nation can not longer boast that it has homes for all. Where are the immigrants rushing to our shores to end up? Not on the land we have nothing more to offer them. They must crowd into the cities.

"When this nation has one hundred and fifty million people, they will have to do something else than exploit natural resources to earn a living. We will eventually have to meet the commercial competition England is meeting today, and have to face such problems as she is now facing with 1,000,000 crying for bread, with no bread to feed save

as charity does it out to them."

Mr. Hill closed his address with expression of hope that steps would be taken to conserve the national resources before it was too late, and to establish better trade relations so that foreign markets might be secured for the increasing output of our industries. He especially urged better trade relations with Canada.

RETURNS TO OLD KENTUCKY.

Seven thousand gallons of whiskey passed through the Louisville custom office Thursday consigned to the Louisville Public Warehouse Company. The whiskey, or most of it, was sent to Hamburg in 1893. It will be placed in bond, and as it is taken out \$1.10 will be paid to the Government on each gallon.

SURVEY FINISHED.

Surveyor Geo. T. Horine and corps of engineers have finished the survey of the route for the Mt. Sterling, Paris and North Middletown electric line.

The route will be about nineteen miles in length. It is estimated that it will take about eighteen months to build the road and have it in operation. As soon as all the estimates can be prepared, Younger Alexander, of Lexington, will leave for the East to meet capitalists and finance the road.

THE A. O. U. W. BAZAAR.

Garth Lodge, A. O. U. W., opened their three nights bazaar at Odd Fellows' Hall last night under favorable circumstances, considering the counter attraction at the Opera House. There will no doubt be a large crowd present tonight and tomorrow night.

This bazaar is given for the benefit of the Paris Hospital fund. Garth Lodge wishes to turn over a handsome sum as its share in building the hospital, and they should be encouraged in every way by our citizens. The committee in charge says that the merchants of Paris are certainly the most liberal of any town in the State. Notwithstanding that they have been asked to contribute to various entertainments, etc., this winter, and have begun to feel that possibly they were being imposed upon, with three exceptions every one who was asked responded and a large number of them very generously.

The voting contest for the handsome doll which has been on exhibition in A. J. Winters & Co.'s window for two weeks, opened last night, and there promises to be considerable rivalry before the bazaar closes. The votes are ten cents each, and can be secured at the voting booth in the hall. This doll would be fairly worshiped by any child, so come up and cast a vote or two for your favorite.

Admission to the bazaar is ten cents. There are several good vaudeville features each night, good music, and countless other attractions to guarantee you a good time.

The Paris Elks Band have very generously volunteered their services for tonight. This spirit of fraternal feeling is only a sample of what should and does prevail among the various fraternal orders of Paris.

Every citizen of Paris who wishes to see a hospital built here should attend this bazaar and contribute to that end. Even if you have no money to spend your contribution of ten cents at the door will be appreciated and will help that much.

DEATHS.

—Miss Lena Burnaw Wyatt, aged 16 years died at her home at Ewing, Ky., Saturday morning. Miss Wyatt was the only child of Judge J. D. Wyatt, editor of the Ewing Inquirer. She was a lovely young girl and a musical prodigy. We deeply sympathize with Editor Wyatt in the loss of his idolized daughter.

—Mrs. Nancy Mastin, aged 22 years, died Sunday at her residence near Little Rock, this county. She is survived by her husband, Bess Mastin and an infant daughter. The funeral services will occur this afternoon from the residence, burial at the family burying ground.

—Mr. Dan Lenihan, Sr., aged 76 years, died at his residence on Winchester street, yesterday afternoon, at 3 o'clock, of general debility. Mr. Lenihan was a native of county of Cork, Ireland, and had for fifty-three years been an honored and highly respected citizen of Bourbon county. Mr. Lenihan is survived by his wife and four daughters—Mrs. Martin Doyle, Mrs. Ellen Maloney, Misses Josie and Katie Lenihan.

The funeral services will take place at the Catholic church at 9 o'clock tomorrow (Wednesday) morning, conducted by Rev. Father E. A. Burke. Burial in Catholic cemetery.

A FLOAT ON CAKE OF ICE.

Eight hundred fishermen, with their families are afloat on the ice in the Gulf of Finland, are, it is feared, doomed to perish. A fortnight ago 1,000 persons were fishing off East land when the ice parted and was driven by a storm into the Baltic sea.

Later the ice split, the wind changed to the east, and yesterday a block on which there were 200 persons came ashore at Fredericksdam. The fate of the others is unknown.

HORRIBLE FATE.

Minnie Sanders, a reputable colored woman, aged 50, residing in Clubber Bottom, a negro village three miles from Georgetown, was burned to death, Sunday night, with her two sons, Walter, aged 20; William, aged 10, and her grandson, ages 3.

Although her home was within a few yards of other residences on each side the fire was unknown until daylight, when nothing was found of either but the charred remains of the building and the bones of the four inmates.

The oldest son had been ill of consumption all winter and the only cause assigned for the fire is that given by her brother-in-law, a drayman of Georgetown, who believes she started a fire with coal oil to warm her invalid son.

AMUSEMENTS.

—“The Great Lafayette,” the clever versatile artist with his own big company will be the attraction at the Grand Thursday, March 8th. Lafayette is everything by turns, and nothing long, but whatever he is, or pretends to be, he always offers something amusing and skillful. His tricks of as a magician are performed amidst quite ornate and appropriate surroundings that completely mystify and astound his audience. There is nothing that one enjoys so much as being mystified and to see the Great Lafayette on the stage is to imagine that the master of all black art has found his way before the footlights. He has surrounded himself with a large and sufficient company, composed of both American and European artists, each one carefully selected for his or her special ability to assume the parts assigned to them. This attraction stands today as one of the leading first class attractions on the road.

—The “Isle of Spice,” a melodious musical comedy that has had a long and successful run in Chicago, Boston and New York, will be heard in this city soon. As is usual with all the Whitney productions, there is a wealth of scenery and beautiful costumes, a chorus of dainty maidens and some stunning show girls. The comedy throughout the piece is said to be unusually good and of the refined sort. The music, it is

claimed, is of the tuneful variety and ever improving and quite likely to be heard long after the engagement here. The most prominent numbers are: “The Goo Goo Man,” “Ching Ling Foo,” “Peggy Brady,” “You and I,” “Uncle Sam’s Marines,” “The Broomstick Witches,” and the merry quartette, “How Can You Tell Till You Try.”

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen’s root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherry bark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce’s Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy. Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors’ prescriptions called for the ingredients in varying amounts, with alcohol.

The “Golden Medical Discovery” is a scientific preparation compounded of the glyceric extracts of the above mentioned vegetable ingredients and contains no alcohol or harmful habit-forming drugs.

LANDS CALLING FOR HIGH RENTAL.

Report of real estate dealers in Blue Grass cities are to the effect that tenant farms in Central Kentucky are scarce and that high rentals are being paid for available lands for the cultivation. This is due to the gratifying prices last year for farm products, the gradual decrease in cultivatable areas by the accretions of large stock farms of surrounding territory, and the large influx of mountain people into the central part of the State, hence those possessing land which they expect to sell are advised to hold it, as the price of land, already high, is expected not only to hold its figure, but even promises to go higher. Farm work has begun and much sod land will be cultivated this year. Tobacco beds are burning in every section of the country and the indications point to an increase in acreage this year. The growing crops of wheat have done well during the winter and are looking well. The rye crop is larger than last year.

Hemp breaking is going on. Most of the crop was contracted for last fall at a low price.

Old corn is scarce and high, bringing from \$2.50 to \$2.95 per barrel in the crib, and some farmers think the price will reach \$3.00 by May 1. Ewes are lambing early and it is believed that the lamb crop will be larger than last year.

A number of lambs have been contracted for June delivery and a number of farmers have offered 25 and 30 cents per pound for their wool, but have refused. Hogs are scarce and at sales made throughout the country by the head, have averaged from 7 to 8c per pound.

FORCIBLE DETAINER CASE.

Judge Dundon goes out in the country today to try one of those interesting forcible detainer cases. It is a case of Mrs. Mary A. The lawyers in the case are Brent & Thomas, Judge Russell Mann and McMillan & Talbott. The case will be tried on the premises.

"TOLL GATES AGAIN.

Free turnpikes have not been a success everywhere. In many counties the money raised for the purpose of keeping them in repair has been wholly inadequate to the purpose and the roads have gone to ruin. As there seems to be no other remedy, a bill has been introduced in the Legislature and has passed the Senate providing means by which counties desiring to do so may erect gates and collect toll as in former days.

MRS. ANN THOMAS DEAD.

The announcement upon our streets yesterday afternoon at 4:30 o'clock that Mrs. Ann Thomas had just passed away was not a surprise, for it was known her life had been dispirited, yet a gloom seemed to fall over the entire community.

Mrs. Thomas was the relic of the late Capt. James Thomas, and was 74 years of age. She was the daughter of the late Wm. Rogers, of the Cane Ridge neighborhood. No woman in Bourbon county was better known or loved more by the people in general than "Miss Ann," as she was called by nearly all of her acquaintances. She was an intense Southern sympathizer and always carried a tender spot in her heart for the old Confederate soldier. In fact it can be said that she had the tenderest of hearts, for no living person can say that Mrs. Ann Thomas ever turned away without helping the unfortunate that appealed to her for ceiving help. She was generous to a fault. Mrs. Thomas was of a cheerful disposition and always met you with a smile and a cheerful greeting. She made sunshine on cloudy days for those around her. For many years she was a member of the Christian church and until her health failed was an active worker in the church. No better woman ever lived than Mrs. Ann Thomas, and her eternal sleep will be but a sweet rest for the tired body.

A loving devoted and indulgent mother, a kind and generous neighbor, a true and loyal friend, has gone from our midst, to receive the just reward for a good and noble woman.

She is survived by four children, two sons and two daughters—W. R. Thomas, R. L. Thomas, Mrs. John Ireland and Mrs. T. E. Moore, Jr.

The funeral will be held at the residence tomorrow (Wednesday) afternoon, at 2 o'clock, services to be conducted by Elder Carey E. Morgan.

"SINGIN' SKULE" COMING.

The ladies of the Progressive Culture Club have secured the funny entertainment entitled the "Singin' Skule Begiment" and will present it at the Opera House Friday night, March 30th. The "Singin' Skule" is on the "Old Destrict Skule" and "Old Maid's Convention" order but entirely different from either one. It contains the same amount of quaint homely humor but is not so extremely ridiculous and much of the music is very bright, pretty and catchy with some wonderfully spirited choruses. Messrs. Bertam and Willard, the authors, have been secured to direct the rehearsal and play the two leading parts and they will come on from Memphis prior to the performance and in time to do so. A large cast of local talent made up of the best musical and amateur talent of Paris will participate.

RELIGIOUS.

—Elder Carey E. Morgan's first of his series of sermons to men, Sunday night, "Can an Honest Man Succeed in Business," was attentively listened to and appreciated by a large congregation. Elder Morgan is an earnest and entertaining speaker, and those wishing to hear the pure, plain and every day gospel preached should not fail to hear these sermons by him. Next Sunday night his subject is "A Man's Capital."

A FORCEFUL CHARGE.

The Fayette March criminal term of the Circuit Court began at Lexington yesterday. The Grand Jury was empanelled and the afternoon papers stated that Judge Parker delivered one of the most forceful and earnest charges ever heard there. We quote from the Leader as follows:

"Don't make a pretense," said Judge Parker in his charge to the Grand Jury relative to an investigation of the violations of the Sunday saloon law and the gaming laws.

"If you intend to hunt tigers, go into the jungles, or else get down off the elephant and throw aside your gun. Don't bring a man before you who knows nothing about what you want to know."

JETT AT CYNTHIANA.

Curt Jett, the Breathitt County feudist, arrived at Cynthiana Saturday from the State penitentiary at Frankfort. He was accompanied by only one guard, Capt. Everett. Jett was dressed in citizen's clothes and was not handcuffed. Jett, in charge of Capt. Everett, walked from the depot through the principal business streets of Cynthiana to the court house and was followed by a large crowd.

He was taken to the court house, when Special Judge Botts called the case of the Commonwealth against Curt Jett, for the murder of James Cockrell. Jett then stated that he had no attorney and asked that J. I. Blanton be appointed. Judge Botts appointed Blanton.

The Commonwealth asked that the trial be set for Thursday, but Blanton said that he could not be ready, as the witnesses lived over a hundred miles from there and it would be impossible to get them there, asked that the trial be set for the May term of Court. Judge Botts overruled the motion and set the trial for next Thursday. Jett was ordered taken to the county jail, where he will remain until after the trial in charge of Capt. Everett.

DRAWING TO A CLOSE.

There are only seven days remaining of the Kentucky General Assembly of 1906, and out of a total of eighty-two bills passed so far by the Senate and sixty-one by the House, twenty-five have safely run the gauntlet through both bodies, and gone to the Governor for his approval or veto.

He has attached his signature to fourteen of these, the last being the House bill which placed the House of Reform at Lexington under the control of the State Board of Penitentiary Commissioners. The remaining eleven have just reached the executive office and have not as yet been considered.

There are still a number of very important measures to be acted on by the Senate and House. The child labor bill will probably be called out by the Rules Committee early this week, together with others among which are several minor revenue measures.

A Bad Scare.

Some day you will get a bad scare, when you feel a pain in your bowels and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure for all bowel and stomach diseases, such as headache, biliousness, constiveness, etc. Guaranteed at Oberdorfer's drug store. Only 25c. Try a box.

THE FEUDISTS TRIAL.

That a hard legal fight will be made in behalf of Hargis, Callahan, French, Abner and Smith, charged with murder and accessory to the same of James B. Marcum, when the cases are finally brought to trial, was shown by the vigor of the arguments before Special Judge Dorsey on questions incident to the motion for change of venue at Jackson, Saturday.

Formal disposition of the motion for change of venue has been postponed by Judge Dorsey till March 8, at which time it is expected that the question will be settled and the cases allowed to proceed to trial.

The defendants were granted bail at \$10,000 each for their appearance on above date.

FARM SOLD.

Littleberry Bedford, Jr., has sold his farm of 62 acres, lying near Ruddles Mills, to Mr. Wm. Sauer, of this city at \$150 per acre. Mr. Bedford has leased the farm for the coming year.

HIGH BRIDGE MUST SURRENDER.

For years it has been a recognized fact that Jessamine county, Ky., had one of the highest railroad structures in the world, and for its great height was known all over the United States. But now it must surrender its laurels. The highest railroad bridge in the world will be erected across the top of the famous Royal Gorge near Canon City, Col. It will be 2,800 feet above the hanging bridge of the Denver and Rio Grand railroad, so high in the air that the Arkansas river below will look like a thread of silver running between the frowning cliffs.

PRESIDENT ADMIRES TOGO.

President Roosevelt, in a general order of the War Department to the army and navy caused to be inserted a portion of Admiral Togo's post-martial address to the Japanese navy, declaring that it was especially relevant in the present situation in the United States. The order was given while our army and navy are preparing for a far East campaign. The battleship Ohio and other war craft are now enroute to the region of the massacre in China.

It is supposed she had risen from bed, and while starting the fire in the grate her clothing was ignited.

A BOGUS COUNT.

Now comes a French newspaper writer who declares that Boni de Castellane is a bogus count. Several years ago Boni challenged the reigning prince of Monaco to a duel. The prince declined the challenge on the ground that Boni was bearing a name and a title to which he had no right. This writer declares that none of the Castellanes now living has a right to the title they bear, this being true because the old de Castellane family which played an important role in the history of France from the time of the twelfth century became extinct toward the close of the eighteenth century through the death of the last survivor, Marquis de Castellane. This writer declares that the great-grandfather of Anna Gould's husband came from a family whose head was a lawyer of the name of Castellane, and the sons of this lawyer took advantage of the confusion reigning on the subject of titles, due to the execution of so many of the "nobility," to the flight of others and to the wholesale destruction of family archives, to boldly assume any old title lying around loose, such as marquis and count, belonging to the illustrious family of de Castellane. In this way Boni got his title as count, and by paying out millions of dollars of Jay Gould's money a foolish American girl got Boni.

OLD WINE IN NEW BOTTLES.

I would not so much mind a person modernizing an old story, but I do resent it when a man makes himself an actor in an ancient story. One of the oldest anecdotes, stories, or whatever you wish to call it, in the world is that of a sign bearing the name, "I. Ketchum; U. Cheatam." I heard a man say once that he had not, for it would have been rude; but I might have told him if he had, his eyes must have looked a long ways into the past. This combination of names, of course, is made up. Such a sign never existed. But there did until very recently exist in New York city a firm of women doctors by the name of Ketchum, Peckham & Killam.

HER CURIOSITY AROUSED.

It was the Mayor of a Western city who received the following letter of inquiry from a Boston woman:

"Kind and Respected Sir: I see in a paper that a man named John Sipes was attacked and et up by a bare whose cubs he was trying to git when she bare come up and stopt him by eatin' him up in the mountains near your town. What I want to know is did it kill him or was he only partly et up and is he from this place and all about the bare. I don't know but what he is a distant husband of mine. My first husband was of that name and I supposed he was killed in the war, but the name of the man the bare et being the same I thought it might be him after all, an' I ought to know it if he wasn't killed either in the war or by the bare, for I have been married twice since and there ought to be divorce papers got out by him or me if the bare did not eat him all up. If it is him you will know it by him having six toes on the left foot. He also sings bass an' has a spread eagle tattooed on his front chest and a ankor on his right arm, which you will know him by if the bare did not eat up these sires of its being him. If he is alive don't tell him I am married to Joe White, for he never liked Joe. Mebbe you had better let on like I was dead, but find out all you can about him without his knowing anything what it is for. That is if the bare did not eat him all up. If it did I don't see as how you can do anything and you needn't take no trouble. My respects to your family and please answer back.

"P. S.: Was the bare killed? Also was he married again, and did he leave any proptly with me laying claims to?"

THE FIRST STATE FARMERS' INSTITUTE.

The personnel of the men selected to be at the head of the Kentucky State Farmers' Institute during the first year of its organization insures success of the plan to bring the agriculturists in closer touch with one another. These officers, together with the State Agricultural Commissioner and the members of the State board proposed to be created by the bill of Senator Newman, of Woodford county, promise much for the benefit of the agricultural districts of the State.

The officers selected are: President, H. M. Froman, of Grant county; first vice president, Morgan Hughes, of Warren county; third vice president, Rolla K. Hart, of Fleming county; secretary, Clarence Sales, of Louisville; treasurer, C. M. Hanna, of Shelby county; Executive Committee, G. H. McGrew, of Livingston county; Hugh Dawson, of Logan county; H. C. Lovelace, of Nelson county; M. F. Johnson, of Jefferson county; T. L. Hornsby, of Shelby county; William Robb, of Mason county, and Caswell Prewitt, of Montgomery county.

The session just concluded at Frankfort was the most representative and enthusiastic gathering of farmers held in years in the South. Delegates were present from all sections of the State and the closest attention was paid to all the speeches, which, without exception, were interesting in the extreme.

GREATLY REDUCED RATES TO THE WEST AND SOUTHWEST.

On the first and third Tuesdays in March 1906, the Southern Railway will have on sale special one-way and round-trip excursion rates to many points in the West and Southwest.

We will also have on sale, up to April 7th, inclusive, One-Way Settlers' Rates to California and North Pacific Coast points at extraordinary low rates.

For full particulars address H. C. King, City Ticket Agent, W. G. Morgan, Depot Ticket Agent, or J. F. Logan, Trav. Pass. Agent, No. 111 East Main street, Lexington, Ky.

HAD A CLOSE SHAVE.

The State Capitol appropriation of \$250,000 had a close shave Friday in the lower house of the Legislature. It got a vote of fifty-four, fifty-one being required to pass it. The first roll call brought out only forty-nine votes for the bill, a number of members agreeing to vote for the bill if it was shown that their votes were needed. On a call the absentees, W. D. Claybrooke, C. J. Dawson, W. F. Blair, Chris Mueller and E. H. Shellman, gave the bill the necessary vote and three over.

As a matter of fact the bill was passed by the five Republican votes cast for it. They were J. F. Bosworth, H. K. Cole, A. L. Denny, M. T. Freeman and William Wilt. The Democrats who voted against the bill were E. Barry, Roger P. Blair, Kirby Bourne, N. B. Chipman, Sam D. Cochran, Reed Embury, Robert Enlow, J. A. Frazier, J. A. Hanson, J. W. J. Jackson, R. W. Miller, Ed Mulchay, W. J. Osborne, Henry G. Overstreet, C. M. Paynter, John R. Ray, J. T. Royalty, John A. Stewart, C. C. Terry, and Hal Woodford.

SPEECH OF THE SESSION.

Representative R. W. Miller, of Richmond, made a magnificent speech in favor of the two normal schools when that bill came up in the house at Frankfort Friday. All the members were present, and gave the closest attention. It was pronounced the best made on the floor during the session of the Legislature. The bill passed without a dissenting vote. It was something of a victory, since eleven of the members said they would vote against. Mr. Miller is one of the brightest members at Frankfort. He is but a young man, still he ranks with the gifted orators of our State.

HERETOFORE SHAVED HIMSELF.

Gregory Haney, of Maysville, who is eighty-one years old, celebrated his birthday Friday by getting shaved in a barber shop by a barber. It was the first time he was ever in a barber shop, his mother and wife having cut his hair. He shaved himself and used no lather, just rubbing the water on his face instead.

COMMANDANT RESIGNS.

W. O. Coleman, who has been Commandant of the Kentucky Confederate Home at Pewee Valley for the past three years, has tendered his resignation to the board of trustees to take effect as soon as his successor can be chosen.

TRAINS ON SOUTHERN RAILWAY.

Effective Sunday February 25th, the Southern Railway will place in service two additional trains in each direction between Danville and Lawrenceburg. These trains will leave Danville at 7:05 a. m. and 2:30 p. m., connecting at Lawrenceburg with trains arriving at Louisville at 10:40 a. m., and 6:15 p. m. respectively. In the return direction, trains will arrive at Danville at 10:10 a. m. and 7:10 p. m., and 3:30 p. m. respectively.

The inauguration of these trains will enable the people of Danville, Harrodsburg and other stations on the Danville Branch to leave their homes at a convenient hour in the morning and arrive at Louisville at 10:40 a. m. and they can then do their shopping and leave Louisville at 3:30 p. m., arriving at Harrodsburg at 6:47 p. m., Danville at 7:10 p. m. and other stations correspondingly earlier. The new trains will be accommodation trains making all local stops. The train arriving at Danville at 10:10 a. m. will connect with Q. & C. train No. 5 for all local stations on Q. & C. Route south of Danville.

These local trains will be in addition to the present through trains, which are now being operated between Louisville and the Southeast, via Lawrenceburg and Danville, and should prove a great convenience to the traveling public.

Train No. 1 will leave Louisville at 7:50 a. m. instead of 8 a. m. and will reach Danville at 10:55 a. m., connecting with Q. & C. Route train No. 5, also with train No. 1 "The Florida Limited" for Florida and all points south.

Train No. 23, carrying observation sleeper, which is operated through without change from Louisville Jacksonville and St. Augustine, Fla., in connection with the "Chicago & Florida Special" from Danville, will continue to leave Louisville at 7:45 p. m.

This new train service should prove of great convenience to people of Danville, Harrodsburg and other points, as it will enable them to do their shopping in Louisville and return home the same day and it is thought that this will have the effect of causing shoppers to go to Louisville instead of Cincinnati and other points.

CHANGE OF R. F. D. SCHEDULE.

Postmaster J. L. Earlywine has officially announced that beginning Monday, March 5, all the Rural Mail Carriers, except No. 2, will leave the Paris postoffice at 11:30 a. m. Carrier No. 2, who goes to North Middletown, will leave at 8:30 a. m.

The above schedule will be effective till November 1.

FAITHFUL TO THE END.

The Cynthia Democrat says: "A negro man who had a reputation as a wholesale and expert chicken thief dropped dead in his room in Cynthia last week. When the coroner arrived to hold an inquest two bantam hens and a rooster were perched on the head board of the bed."

LEXINGTON SALOONS.

STRANGE ADVICE!

Dr. C. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c.; regular size, 75c. At all druggists.

—Elud. P. F. King made his reports Sunday morning of the work done in the Christian church during the past year. The church has paid out more than eleven hundred dollars in salary and incidentals, and something more than four hundred in various missionary work, making a total of more than sixteen hundred dollars. This church has made rapid progress in all its departments. Space will not permit us to go further into detail. At the close of the service Mr. and Mrs. W. V. Shaw united with the church by letter, they formerly held their membership at Butler.

He is an able speaker and carries his audience with him through the various avenues of thought, causing them to weep or laugh at pleasure. With a temperature of about 100 he addressed in an easy style one of the largest and most cultured audiences that ever graced our opera house. Mrs. P. F. King and Miss Mary Taylor, the managers of this course, in their uniting efforts to please the public, have succeeded most admirably. We trust they will get up the course next season.

—Henry Dawson was tried Saturday morning in the court of Squire E. P. Thomason for housebreaking and disturbing the peace on the night of Feb. 6th. Dawson had been drinking and went to the home of George Taylor and attempted to take Ora Huffman from it by force. A general scrap ensued, in which doors and windows were badly demolished. Dawson was held to Circuit Court under a \$300 bond. Mr. Clark Bascom went on his bond. The attachment of Mr. Riley Johnson's on a buggy of James Hubbard some time ago was sustained.

—Ollie Jones, colored, a former servant girl of Mrs. Sue V. Sandusky, who for several years has been in a Holiness Bible College in Cincinnati, arrived from that city Thursday night mentally deranged on the subject of religion. After creating some excitement on the street and in the home of Mrs. Sandusky, she was taken to the home of Tillie Lawson, colored for the night. About two o'clock she complained of the room being too warm and went out into the yard for air, where she took off her clothing and ran from the place. An alarm was given and after some delay Sam Miller, Body Price and Joe Washington began a search. Her bare feet were tracked in the mud to near the farm of Mr. Ed. Hunter where she was found in a snow drift about two feet deep, entirely nude on her hands and knees and apparently lifeless. She was brought to town, and after considerable work, was restored. Later in the day she was sent to the home of her father near Jackstown.

Most of us would be contented with what we have if only our neighbors would be satisfied with a little less.

GRAND JURY SCORES PARLOR CARD PLAYING.

The Harrison County Grand Jury made its report Saturday afternoon and created quite a sensation in social circles at Cynthiana by its fierce attack on progressive euchre, which will, for awhile at least, stop card playing in a social way in that city. The following is the report:

"It has been brought to our notice that many of the citizens are indulging in a card game, which is commonly called progressive euchre, in their parlors, in which game prizes are played for by those engaged. These progressive euchre parties are made attractive and alluring by prizes, the serving of refreshments and giving publicity in the papers and the adding of high social enjoyment. At these meetings not only are prizes played for, but persons are taught to play cards and contest for prizes and objects the same as in the common gambling rooms. We see no difference in playing for a piece of silver moulded in the shape of a coin and playing for a piece of silver moulded in the shape of a cup or thimble.

"It is gambling clothed with respectability, made so by its devotees. We condemn that practice as a reflection upon good morals and Christian community and also, as we believe, violation of the statutes against gambling.

"We feel it our duty to investigate, and after a due investigation believe that the danger line has been reached. Section 1977 of the Kentucky Statutes provides that any person participating in any game in which money or property is won or lost is guilty of gambling and therefore a violation of the statute.

"Section 1979 provides that whoever shall suffer any game whatever at which money or any property or thing of value is won or lost is played in his house, houseboat, or float on his premises or under his control, shall be fined not less than \$200 nor more than \$500.

"We consider both of these sections applicable to the case under our charge as grand jurors. We recommend that the Hon. Judge of this court instruct the next grand jury to investigate closely and indict those participating in the practice as set out in the above report."

The report is signed by the foreman of the grand jury, Col. W. W. Moore.
